No.Sit/302/1/2018

31 January 2019

Dear Friends,

Government of Karnataka in association with the Department of Heavy Industry, Ministry of Heavy Industry & Public Enterprises, Government of India, is developing an exclusive Integrated Machine Tool Park (IMTP) in 529 acres of land at Tumakuru, Karnataka, India.

Tumakuru Industrial Zone complex is located on the Chennai-Bengaluru Industrial Corridor and is about 90 kms distance from Bengaluru International Airport. It is expected to be ready by March, 2019. Industrial plots of various dimensions numbering 158 have been formed in this park.

The above information is disseminated to all stakeholders for participating/investing by all foreign companies engaged in manufacturing of machine tools to set up their units in this Park. Besides this, the common amenities, attractive incentives and concessions are available to the Machine Tools investors as per the Government of Karnataka Industrial Policy 2014-19. Information in this regard may also be seen on the website (https://kum.karnataka.gov.in). Online application could also be made through this website.

The above information about IMTP is hereby publicized for potential foreign investors in the Machine Tools sector. Communications/queries in this regard may be sent to us at cg.sittwe@mea.gov.in for facilitation.

With Regards,

(Timothy Jetty)
Vice Consul
Consulate General of India
Sittwe
